

London Theatre Study Tour
Possible Itinerary May 2025
May 12-June 4, 2025

Program leader: Assoc. Professor and Head of BFA Acting Steve Snyder

This is a SAMPLE itinerary based on previous LST experiences. The experience and analysis of theatre and live performance is the primary focus of the class. British theatre organizations, in general, do not publicize events/plays or performances more than 3-6 months prior to opening, sometimes as little as a month before. As a result, a final show itinerary cannot be formed until Feb or March. Housing and city location can be established as early as possible.
